Sampling Of Dr. Tarun's Courses In Usa

CE Built Around You

Our core focus is how to maximize digital technologies to realize greater predictability and profitability while ensuring excellent clinical outcomes. Each workshop stresses a practical and logical workflow, based on realistic techniques used daily in Dr. Agarwal's general practice. Our workshops feature limited attendance, are highly interactive, and feature extensive hands-on exercises.

"It's been my dream to create a learning environment that is intimate, personalized, and equipped with the latest technologies."

— Dr. Tarun Agarwal
